STATUS

POWER

NOTE: To turn off the projector, press and hold the POWER button for a minimum of two seconds.
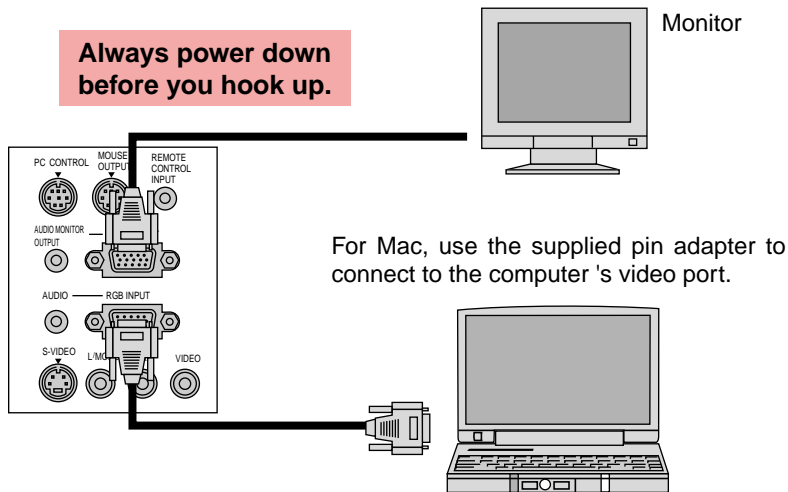

Step4 Set up the Projector
Focus ring
Zoom ring

To adjust the projector' s focus or to zoom in and out, use the Focus/Zoom ring on the lens.
If necessary, adjust the front foot to properly position the projected image on the screen. If the projected image does not appear square to the screen then use keystone correction for proper adjustment.

Connect the Remote Mouse

The MOUSE OUT port allows you to remotely operate your PC's mouse. It makes clicking through your computer-generated presentations easy.
